DECEUNINCK® RECEIVES AWARD FOR OUTSTANDING ENVIRONMENTAL PERFORMANCE

MONROE, OH – ([BUSINESS WIRE](#)) – The Butler County Board of Commissioners and Department of Environmental Services will honor Deceuninck® North America, a leading manufacturer of window and door systems as well as siding, fencing, decking and railing, with a 2008 Excellence in Pretreatment Award during an Earth Day celebration on April 25, 2008. Award recipients are Significant Industrial Users, as defined by the EPA, which consistently meet all local, state, and federal wastewater discharge standards and requirements.

Meeting these water quality standards reflects just one aspect of the company's commitment to environmental stewardship and a greener Butler County. Jason Johantages, Corporate Environmental, Health, and Safety Manager states, "We are pleased to be recognized for implementing protections to ensure our local streams and rivers are safe for wildlife and the public." Johantages continues, "Additional green initiatives at Deceuninck integrate material recycling and repurposing, reduced energy consumption, and improved chemistry incorporating renewable, plant-based additives." This is the second consecutive year that Deceuninck has received the Excellence in Pretreatment Award.

The Butler County Earth Day celebration will run from 11:30 am – 1:00 pm at the Government Services Center at 315 High Street in Hamilton, Ohio. The award ceremony is slated to begin at 12:15 pm.
