

Kodiak® Plus Vinyl Railing and Posts & Kodiak® Vinyl Decking for Residential and Commercial Applications

Extending your living space to the outdoors

Engineered to be a low-maintenance alternative to traditional railing and decking, Kodiak Plus vinyl railing systems and Kodiak vinyl decking feature SunShield®, Deceuninck's exclusive material technology that offers superior color retention and outstanding resistance to impact, water, insect and microbial damage.

Our versatile Kodiak Plus vinyl railing systems, available in White, Sandstone or Clay, coordinate with our family of Kodiak decking, transforming your outdoor living space into a beautiful extension of your home. Available 9' structural porch posts and reinforced top and bottom rails can be used in combination with various spindle and cap styles to create unique designs. Ideal for porches, balconies and multi-story applications, Kodiak Plus vinyl railing featuring SunShield is the perfect complement to wood or composite decks, patios, concrete, stone or brick. Our two-sided vinyl decking planks – available in Slate and Linen or Sandstone and Evergreen – allow for unlimited design flexibility.

The lasting beauty that homeowners desire. The exceptional performance commercial projects demand. The solutions you need to build a better business – supported by a company with 70 years of industry experience and a commitment to better living.

Innovating solutions for
the environments of your life.™

SunShield Outshines the Competition

You can have confidence in knowing that Deceuninck's proprietary SunShield vinyl formulation has been used in more than 50 million windows installed in the United States. SunShield's time-tested performance has demonstrated outstanding color retention, durability and dimensional stability. Railings made with SunShield are resistant to environmental factors and come with a limited lifetime warranty.

*All colors are mechanically reproduced. They may vary from the actual product. Please refer to the actual product sample for true color representation.

The TOP 5 Reasons to Choose Kodiak®

Outstanding performance in any weather

Kodiak vinyl railing and decking featuring SunShield outperforms wood in weather resistance and endurance and never requires painting or staining. Plus, our cool-touch formulation keeps decks comfortable under foot, even in direct sun.

Flexible design combined with easy installation

Kodiak vinyl railing and decking bring together design versatility with ease of installation, making them an ideal choice for a wide range of residential and commercial applications. Hidden V-lock strips for the decking, speed installation. True length railing with our easy-to-use wizards eliminate the need for angle cuts, even for stair rails.

Precision engineered for durability

Kodiak vinyl railing and decking is designed to offer consistent fit, finish and quality that endure year after year. Its strength and durability are certified based on ICC AC-174 testing requirements by ATI Labs CCRR Report #88169, 02-119-19. Kodiak Plus vinyl railing includes aluminum reinforced top and bottom rails and can be used in multi-story or commercial applications.*

Safe and secure under foot

Our exclusive pebble-finish design provides a surface that exceeds the American with Disabilities Act (ADA) standards for slip resistance, making it an excellent choice for docks, pool and garden patios.

It's better because it's Deceuninck

Kodiak vinyl railing and decking features a lifetime limited warranty – supported by Deceuninck's reputation as a company dedicated to advanced technology, superior engineering and exceptional product support for over 70 years.
