5 million homes for a reason... we have a reputation as a company dedicated to advanced technology, superior engineering and exceptional product support. A global leader in world-class engineering with 70 years of industry experience.

KODIAK PLUS VINYL RAILING SYSTEM

with SunShield® Technology

Strength and durability
for a lifetime

KODIAK
Railing Systems

KODIAK PLUS VINYL RAILING IS A PERFECT COMPLEMENT TO TODAY'S LOW-MAINTENANCE LIFESTYLES.

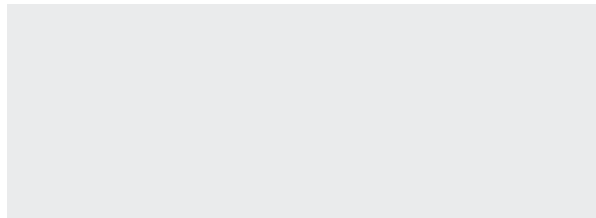

Mix and match your favorite profile,
and add some real panache
to your home.

Complement the architectural design of your home with Kodiak Plus Vinyl Railing. Available in three colors, four handrail styles, two spindle options, and a variety of post caps.

A sustainable, eco-friendly building product.

Kodiak Plus Vinyl Railing is 100% recyclable. The water-resistant nature of the product means no chemical cleaning, painting or staining. Doing our share to protect the soil, air and groundwater.

Secondary Handrail Option

The Sun and UV Rays will do the most to ruin your railing investment unless it is manufactured with SunShield.®

The sun and its harmful rays can cause fading, cracking, brittleness and surface degradation, unless your vinyl railing system is manufactured with SunShield.

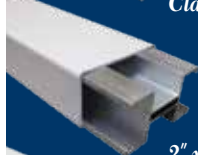

- Real, time-tested color retention
- Superior stain, mold and mildew resistance

T-Rail

Classic Rail

2" x 3 1/2" Horizontal Rail

2" x 3 1/2" Vertical Rail

THIS CODE-APPROVED RAILING SYSTEM IS THE PERFECT REPLACEMENT FOR OLD, HIGH-MAINTENANCE WOOD.

Ideal for porches, balconies, patios, decks and stairs, this low-maintenance railing complements vinyl, composite, wood, concrete, stone or brick. Our commercial railing is ideal for multi-story applications and meets code requirements for commercial applications. All our railings include aluminum-reinforced top and bottom rails for additional structural integrity. Please refer to our technical & installation guide for specific information on products and code requirements. Be sure to check local codes for specific requirements.
